

March 27,2023

Good morning IS 201! It's Elly from class 751 speaking on behalf of the SEAL Team, on this Motivational Monday.

Did you know that March is International Ideas Month? All those great inventions and innovations out there start with one thing- an idea. Without ideas, we wouldn't have the cool stuff we have today. Have you ever just suddenly had a thought pop into your brain? Like a little spark in your mind. International Ideas Month is all about appreciating and realizing the importance of an idea. You may deem it as silly at first, but if you really think about it and let it develop, who knows- it may be the next greatest invention! Get your great ideas rolling and keep track of them. Just like what Earl Nightingale said, "Everything begins with an idea." We must not let our insecurities and doubts hinder the possible wonders of our ideas. It's all about letting your imagination out and watching it fly.

Thanks for listening have a Make Your Ideas a Reality Monday 😊
