

September 22, 2022

Good morning! It's Irene Qiu from 731 and I am here this Thoughtful Thursday on behalf of the S.E.A.L Team.

Today is World Rose Day. This day aims to bring hope and remind cancer patients that they can be successful in their battle against cancer through preservation and positivity. This day started in remembrance of Melinda Rose a 12-year-old Canadian girl who lost her life to Askin's tumor. In the 6 months she was diagnosed with cancer, she fought and lived every day to its fullest by positively impacting the other people around her. And on a similar note, the S.E.A.L team would like you to spread awareness of not well-known cancers, such as sarcoma, appendix cancer, and heart cancer. If you know someone that is battling cancer let them know you love them and are there if they need a helping hand.

Let's end it off by reciting the S.E.A.L team cheer.

We are the Dyker S.E.A.L. Team  
Positivity is our dream  
We teach it every day  
To help others live the optimistic way  
We learn to control our emotions and feelings  
So we always have effective social dealings  
No stone left unturned, no person left behind

Every member of our team has the power to be kind We spread kindness to our friends, families, and those who need a smile When facing hardships and adversity, the S.E.A.L. Team goes the extra mile!

The S.E.A.L team and I wish you a thankworthy Thursday
