

April 28th, 2025

Rise and shine, I.S.201! This is William Chen of class 752 here speaking to you for today's Motivational Monday on behalf of the S.E.A.L Team.

Today is April 28th, otherwise known as World Day for Safety and Health at Work. Back in 2003, the International Labor Organization officiated this day to acknowledge the importance of nurturing a safe working environment for everyone in the vicinity. It is important to highlight the idea of having a safe and healthy working environment because if we don't do so, we are more vulnerable to adversities whether it's an injury, sickness, or accidents that may be critical. Moreover, a secure and strong work setting opens more doors for productivity and cooperation. Therefore, try your best to help improve our school environment, whether it's by being aware of your surroundings, refraining from conflict, or tidying up your surroundings.

Thank you for listening and have a Maintaining Safety Monday 😊

Affirmation of the Day: I practice selflessness and generosity.

SEAL Team pledge:

We are the Dyker S.E.A.L. Team

Positivity is our dream

We teach it every day

To help others live the optimistic way

We learn to control our emotions and feelings

So, we always have effective social dealings

No stone left unturned; no person left behind

Every member of our team has the power to be kind

We spread kindness to our friends, families, and those who need a smile

When facing hardships and adversity, the S.E.A.L. Team goes the extra mile
